## THE MF40 FROM CASSESE

is an automatic fastening machine for hangers and hinged hangers.

The MF 40 can fasten hangers and hinged-hangers on hardboard or MDF backs.

Its solid cast iron base and fastening system ensure robustness and longevity of the machine.

By choosing the required tool kit, the MF40 can fasten the following Cassese coiled hangers:

- 4703 (three-hole hinged hangers)
- 2702 (two-hole hangers)
- 1701 (one-hole hangers)

**ELECTRIC SUPPLY** 220V single phase

### DIMENSIONS

Length 1500 mm

Width 650 mm

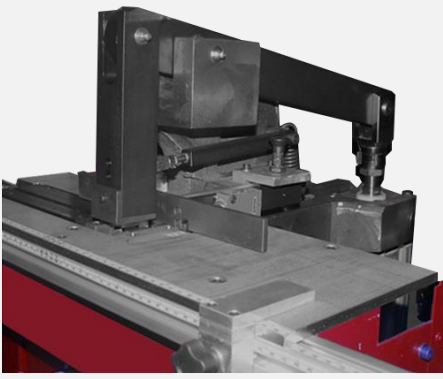

Height 1360 mm

**WEIGHT** 134 kg

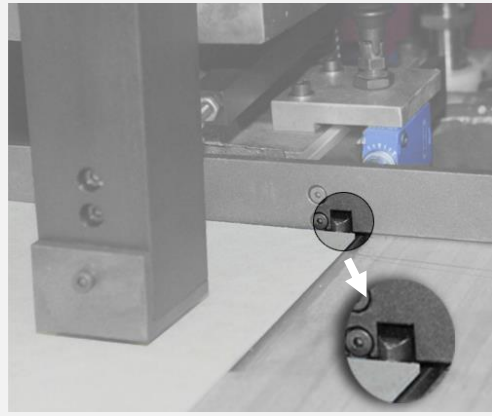

**AIR SUPPLY** 6 bars

**CONSUMPTION** (in l / cycle) 2l/cycle

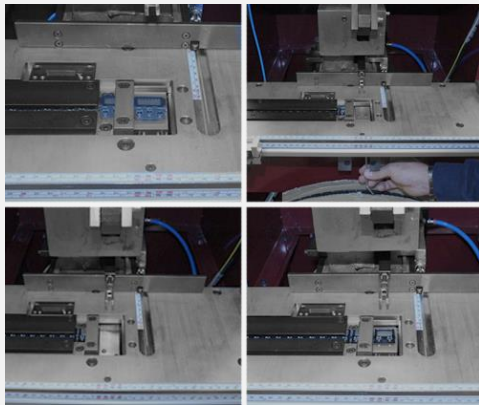

MADE IN  
FRANCE

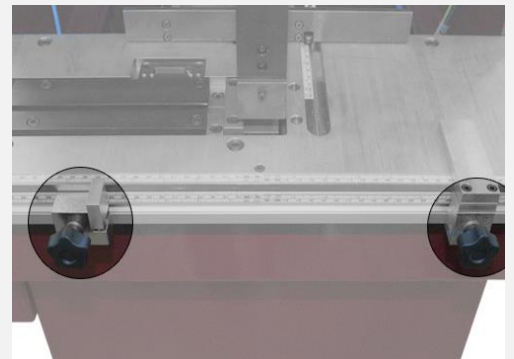

Very solid cast iron base and fastening system

Extremely fast (fastening activated by a sensor)

Quick switch from one hanger type tool-kit to another

2 measure stops for setting quickly short and long sizes

### CASSESE COILED HANGERS

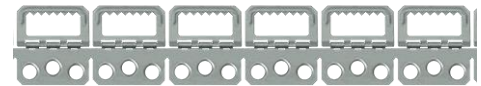

Rust protected – UNIQUE TO CASSESE

1701 (Silver or Black) one-hole hangers

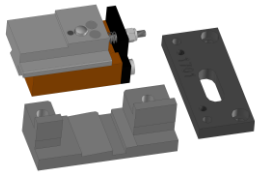

2702 (Silver or Black) two-hole hangers

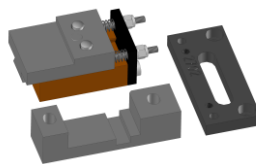

4703 (Silver or Black) three-hole hinged hangers

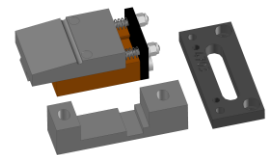

By ordering the MF40, you also have to order the required tool-kit, depending on the coiled-hangers you want to fasten.
