THE CS55M2 FROM CASSESE

is a foot-operated guillotine (chopper). Fast and quiet, this guillotine is also very easy to use.

Its patented spring-loaded rebate supports system allows quick and precise height adjustment.

The CS55M2 ensures perfect safety for the operator thanks to its transparent protective screen and its pins for holding and pre-positioning the knives.

MOULDINGS CAPACITY

Width Maxi 100 mm

Height Maxi 140 mm

DIMENSIONS

Length 650 mm

Width 1 640 mm

Height 1 100 mm
